3-2-1 Lift Off!

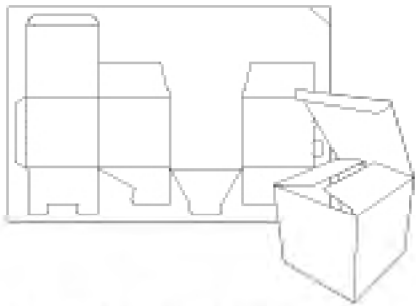

Dimensional Yes! But with a difference!

Have you ever printed on one of those pre-diecut sheets, you know the ones that can be a bit flimsy and give you that uneasy feeling that this is going to come apart in the copier? How about the time it takes trying to tear all those perforations just to get the item loose from the sheet without tearing the actual product itself. And what about that serious razor sharp edge left by the perforations.

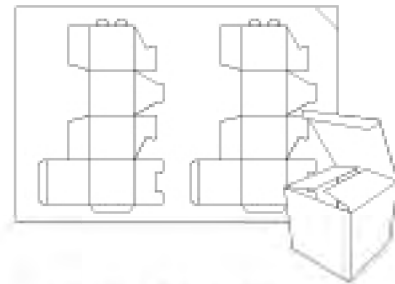

NOW! You dont have to put up with any of this ever again.

Save money, time and paper cuts with this new unique and revolutionary product offering called Lift Off. LiftOff has been developed to provide a printer/copier friendly, fast blank removal, clean edged and tear resistant 3D dimensional product for copiers and printers. LiftOff has a film carrier to support and transport the die cut blank through the copier. Then the real magic starts. peel away the film carrier to remove the item from the matrix in a fraction of the time conventional sheets take. Often the blanks just freely release from the surround. And since there are no perforations the edges are super smooth. Last but not least the reverse of the sheet is laminated to give a tough, tearproof, durable product.

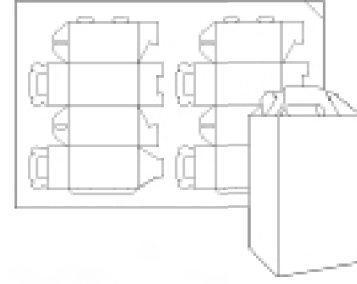

4" x 4" x 4" LARGE BOX

2.5" x 2.5" x 2.5" SMALL BOX

STEP 1

Turn the sheet over, so the artwork is facing downwards and grab the triangle tab in the corner of the sheet. Begin to pull away the film, just an inch from the edge.

STEP 2

With one hand, hold the exposed sheet firmly in place. With the other hand, pull the rest of the film off the sheet in one swift motion.

STEP 3

Turn the sheet over again, so the artwork is facing upwards and pop the Lift Off™ product out.

STEP 4

Fold the product along any built in score lines and complete assembly.

For Pre-Taped Products: Fold and test assemble prior to peeling back adhesive strip.

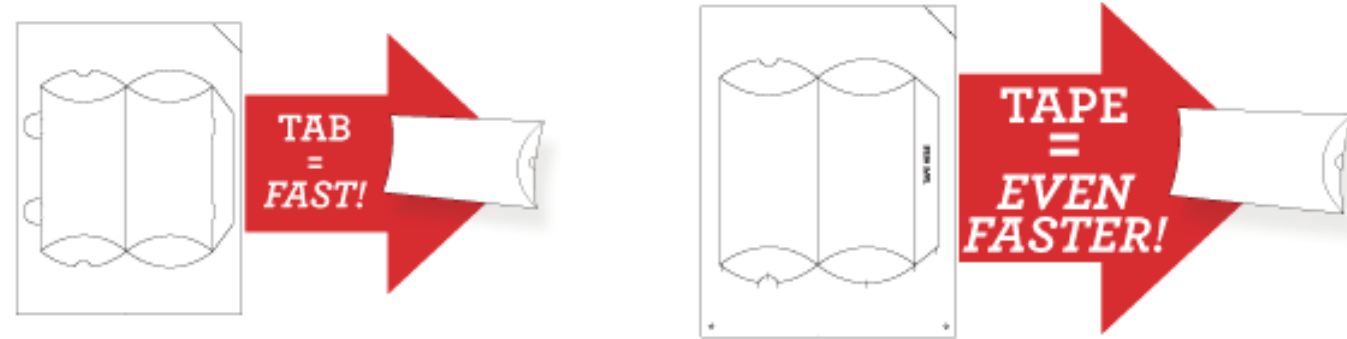

For Tape-Included Products: Fold and test assemble prior to applying tape to "Tape Area". When satisfied, peel back adhesive strip and complete assembly.

Custom Lift Off Sheets

Custom layouts available. If any of the standard items do not meet your needs, we can tailor the media for your exact usage.

Pre-Taped & Tape included LiftOff products

Pre-Taped Products have a pre-applied adhesive for easy assembly.
 Taped Included Products have a pre-sized tape strips to match the product.
 Non-Taped items are assembled with tabs.
